Q3] Evaluate the Role of ADR in Improving Access To Justice in Rural India.

Access to justice in rural India, where 65% of population resides, but hindered by poverty, illiteracy and judicial blockage, which results in 4 crore pending cases since 2021, here ADR mechanisms like mediation and Lok Adalats emerge as vital tools to bridge this gap.

Role of ADR in Improving Access

- (a) ADR, especially Lok Adalats is cost-effective with no court fees, making it accessible for rural poor communities.
 Eg: 1.5 crore cases settled in 2023.
- (b) Speedy Resolution in single sitting of disputes

in National Lok Adalats, less pressure on courts
 Eg: 6 lakh cases settled in one day, since 2021.

(c) ADR avoids complex legal processes, enabling illiterate rural litigants to participate without advocates.

Measures to Strengthen ADR in Rural India

- ↳ Awareness Campaigns: NALSIA's door-to-door campaigns, in UP 2024 can boost awareness.
- ↳ Capacity Building via Training 1 lakh mediators by 2026, as planned by ministry of Law.
- ↳ Technology integration like E-Lok Adalats, piloted in 2020 can enhance virtual hearings.
- ↳ Dedicated women's Lok Adalats in Tamil Nadu.
- ↳ Amending Legal Services Authorities Act 1987, to make ADR outcomes enforceable can boost credibility.

6/10

"Justice is the foundation of a just society".
 - Amartya Sen., ADR has revolutionized access to justice in rural India via offering affordable, swift and culturally relevant solutions. but use of technology, AI, and training will ensure India's constitutional commitment to social justice under Article 39A.

Founder's Message

After leaving my corporate job and stepping away from my own UPSC preparation in 2020, I realised one important truth — students don't need more content... they need clarity and an exam-oriented map

For the last five years, I have lived this UPSC ecosystem closely — simplifying current affairs, hosting 200+ honest conversations with rankers and aspirants, and understanding what truly works and what breaks students

From mentoring thousands of aspirants during my journey at **CivilsDaily IAS** and **Adda247 IAS** (now **StudyIQ**), to building **Margdarshan IAS** with my own struggles — this path has taught me resilience and responsibility

At Margdarshan IAS, our philosophy is simple
PYQs first, books later. Study what actually matters

My goal is not to keep you trapped in preparation
My goal is to help you perfect your exam technique in a focused window and open doors to multiple government opportunities
Let us break the endless cycle of confusion,
Let us begin a real selection journey,
Because India does not just need aspirants, India needs skilled and confident youth ready to build the nation
